

MAHLATSE CLAYTON MAREDI

WITS UNIVERSITY STUDENT

075-283-0167 | 2821750@students.wits.ac.za | github.com | [LinkedIn.com](https://www.linkedin.com)

CAREER OBJECTIVE

Aspiring software engineer with a passion for technology, mentorship, and problem-solving. Experienced in guiding students through academic and career challenges, and actively involved in mentorship, volunteering, hackathons, and academic excellence initiatives at Wits. Eager to apply my technical skills, collaborative mindset, and dedication to learning in a dynamic software development environment, with the goal of building impactful and innovative solutions.

WORK EXPERIENCE

Mentor – Faculty of Best Advisory (FBA)

- **Johannesburg, South Africa | 2025 – Present**
- The Faculty of Best Advisory (FBA) is a youth-led organisation focused on empowering high school learners through academic support, career guidance, and mentorship, especially in under-resourced communities.
- Volunteered at multiple high schools, guiding learners on subject choices, university applications, and career paths.
- Delivered motivational sessions and academic workshops to encourage goal setting and personal development.
- Built strong relationships with learners and schools, supporting long-term impact and continuous engagement.

First-Year Mentor – Wits University FYE Programme

- **Johannesburg, South Africa | 2025 – Present**
- The First-Year Experience (FYE) programme at Wits University provides structured mentorship and support to help first-year students adjust academically and socially to university life.
- Provided academic and emotional support to first-year students through regular check-ins and mentorship sessions.
- Promoted student success by connecting mentees with campus resources and academic support structures.
- Attended training sessions to strengthen leadership, communication, and peer support skills.

Volunteer – Fak’ugesi Festival (Upcoming)

Johannesburg, South Africa | 2025

- Supporting the coordination of Africa’s premier digital innovation festival.
- Gaining experience in collaboration, technology, and community engagement.

Participant – Adapt IT Hackathon

Johannesburg, South Africa | 2025

- Competed in a technology-driven hackathon, applying programming and teamwork skills to solve real-world problems under time pressure.

Award – Best Science Student (FBA(Faculty Of Best Advisory))

Johannesburg, South Africa | 2025

- Recognised for outstanding performance in the Faculty of Science during second year of study.

EDUCATION

BSc Computer Science | University of the Witwatersrand (Wits)

Johannesburg, South Africa | 2024 – Present

- Currently in second year.

Mokebe Secondary School

National Senior Certificate (NSC) | 2023

- Achieved an overall average of **81%**.
